

# National Traffic Management FAA Course 50113 Air Traffic Control System Command Center

## ***\*Pre-Course info for FY12 Classes***

Thank you for your interest in the National Traffic Management Course at the Air Traffic Control System Command Center in Warrenton, VA. If you have any questions concerning the course please contact Cindy Glascock, 540.422.4503, [Cynthia.J-CTR.Glascock@faa.gov](mailto:Cynthia.J-CTR.Glascock@faa.gov).

### **Course Description**

This seminar-style course involves a diverse group of aviation professionals in lectures and open discussions of current traffic management philosophy, as well as exploring the roles and relationships of the various entities influencing the daily operation of the National Airspace System. Participants will receive informative briefings from a variety of subject matter experts, review operational scenarios, and be afforded the opportunity to visit the Air Traffic Control System Command Center operational floor for familiarization.

### **Facilitator**

Cindy Glascock

### **Location**
